

Bulletin #2007-002 14 – February - 2007

Subject:

The future of Group N and Super 2000

Overview:

Unless the average number of Group N entrants for Rally America National Championship events increases to 3 or more during the 2007 season, the class will not be included in the 2008 Rally America National or Regional Championships.

FIA Super 2000 cars will be entered in Group N for the 2007 Rally America National and Regional series.

Rationale:

There were only 9 entrants in the Rally America Group N National Championship in 2006 entering an average of 2 events each for a total of 19 entries. At the Regional level there were only 2 entrants. Higher levels of participation must be maintained in order for the Group N Championships to be viable.

Questions regarding this bulletin received by Rally America from licensed Drivers and Co-Drivers will be answered in writing.
